

SOLA KABUTA

CREATIVE FRONT-END DEVELOPER & VISUAL DESIGNER

Creative Front-End Developer & Visual Designer with a background in Computer Graphic Design and extensive experience in creating high-conversion landing pages. Expert in bridging the gap between complex design mockups and clean, responsive code. Proven track record of optimizing user experiences for high-profile clients and improving cross-team workflows. Ready to leverage a mix of technical SEO knowledge and pixel-perfect visual design.

↗ EXPERIENCE

BIG SMILE AGENCY : WEB DEVELOPER & DESIGNER INTERN

JANUARY 2026 / FEBRUARY 2026

- Development of Dynamic Banner Campaigns: Designed interactive animations for high-profile clients (VW Group, D'Ieteren) using an internal tool built with PHP and SCSS. Carefully managed assets to ensure optimal performance during major events (Brussels Motor Show).
- UI/UX Optimization & Visual Consistency: Redesigned the interface of a client's WordPress website to improve visual harmony and overall user experience.
- Process & Workflow Improvement: Set up a collaborative workflow in Figma, reducing back-and-forth between the creative team and the technical team for smoother integration.
- Graphic Production: Edited and optimized advertising assets in Adobe Photoshop, ensuring a pixel-perfect result across all digital media.

FAUVES AGENCY : WEB DEVELOPER INTERN

FEBRUARY 2024 / APRIL 2024

- Integration & Custom Web Development: Converted complex Adobe XD mockups into fully functional WordPress pages. Made advanced use of Elementor combined with custom CSS to go beyond the tool's native limitations and ensure a result faithful to the original design.
- Responsive (Mobile-First) Design: Fully designed and adapted the mobile version of the platform for client Martine Henderyckx, with special attention to touch ergonomics and readability.
- On-Page SEO Optimization: Implemented a strict semantic HTML structure (Hn heading hierarchy, alt attributes, meta-data) to maximize indexing and organic visibility on search engines.
- Design-to-Code Collaboration: Managed the workflow between graphic design and technical development, ensuring smooth asset handoff and a pixel-perfect implementation.
